Dr. Matthias Malzer: Skills & Personality

I am a ...

- **... generalist & “wanderer between worlds”:** As an experienced auditor as well as a barrister, I am familiar with the “world of figures” as well as with the “world of law”; as a German with residence in Luxembourg and an open mind towards France, I'm “at home at the heart of Europe”.
- **... analyst & problem solver:** I love to analyse and solve problems. Why? Because it's “brain-stimulating” and simply highly satisfactory to me!
- **... organiser & decision maker:** I'm a competent organiser and I am willing to take responsibility. This dates back to the times when I was a student and was politically active. I don't shy away from taking responsibility.
- **... purposeful & persistent:** When I set a goal for myself, I pursue it with determination. A good example of this are my doctoral theses, which I pursued in parallel to my professional career between 2007 and 2013.
- **... creative & communicative:** As a lawyer, you have to convince and you have to find practical and creative solutions. I excel at these skills!
- **Besides that:** I am fluent in German, French, English and Spanish (and I am working on my Luxembourgish...). Of course, I master the standard MS-Office applications.
